WELCOME TO ICT AFRICA SUMMIT

ICT AFRICA SUMMIT
UNLOCKING DIGITAL HORIZONS

INTRODUCTION

Welcome to the ICT Africa Summit 2026, Africa's largest tech event, taking place from April 21 to 23, 2026, at the Exhibition Palace, Pavilion A, Safex, Algiers, Algeria.

ABOUT US

The ICT Africa Summit 2026 marks the historic convergence of three major events: the Digital Africa Summit and ICT Maghreb. This synergy creates an unparalleled platform for innovation, collaboration, and digital transformation in Africa.

WHY PARTICIPATE?

- Discover the Latest Technological Innovations
- Meet Industry Leaders and Promising Startups
- Explore Partnership and Investment Opportunities
- Attend High-Level Conferences, Workshops, and Networking Sessions

Microcredit was pioneered in the 1970s by Muhammad Yunus, founder of the Grameen Bank and Nobel Peace Prize laureate (2006). It helps reduce poverty by enabling people to start small businesses.

In Algeria, early efforts faced challenges due to limited support, leading to the creation of the Agence Nationale de Gestion du Micro-crédit in 2004.

TRANSPORT LOGISTIQUES MARCHANDISES

TLM Transport Logistiques Marchandises, founded in 2012, started as a traditional transport company built on field experience and close client relationships. As the industry evolved—with digitalization, faster exchanges, and the rise of e-commerce—the company undertook a strategic transformation. Today, TLM is moving toward a modern, technology-driven logistics model by integrating digital tools to improve management, traceability, communication, and flow optimization. Its ambition is to become a key player in the logistics of the future, built on three pillars: trust, innovation, and efficiency, delivering high-performance solutions adapted to market demands.

LAYER DATA

Layer Data, founded in 2020, is a consulting firm specializing in Data Management and Data & AI Governance. Operating across Europe, the USA, and Africa, it supports organizations in transforming their data into strategic value through tailored solutions. Recognized globally, Layer Data helps clients leverage data for better decision-making and sustainable growth.
